General Functions

FAIN Search - GO

Introduction:

The Search feature allows you to search for an assistance award by using the FAIN number or partial FAIN.

Steps:

1. Enter the FAIN number or part of the FAIN number in the Search field. Use the % as a wildcard.
2. Click . A list of documents will display.

The screenshot shows the 'ASSISTANCE Search Results' page. At the top, there is a navigation bar with 'HOME', 'Advanced Search', a search input field containing 'SEARCH BY FAIN / URI', a 'GO' button, and a 'Log Off' button. Below the navigation bar are 'Close' and 'Help' buttons. The main content area displays '518 Documents Found' and '1 - 10 Of 518' with a 'Next' link. Two document entries are shown, each with an 'Open Document' link and a table of details.

32. Click the **Open Document** link for document you want to display.
33. In addition to the Search function, you also have the ability to download records with the search criteria in a CSV extract. The extract contains all data elements entered in the assistance action.
34. Select the data you wish to display as you did for the Search Function.
35. Once you have entered the data select Extract.
36. The follow message will be displayed.

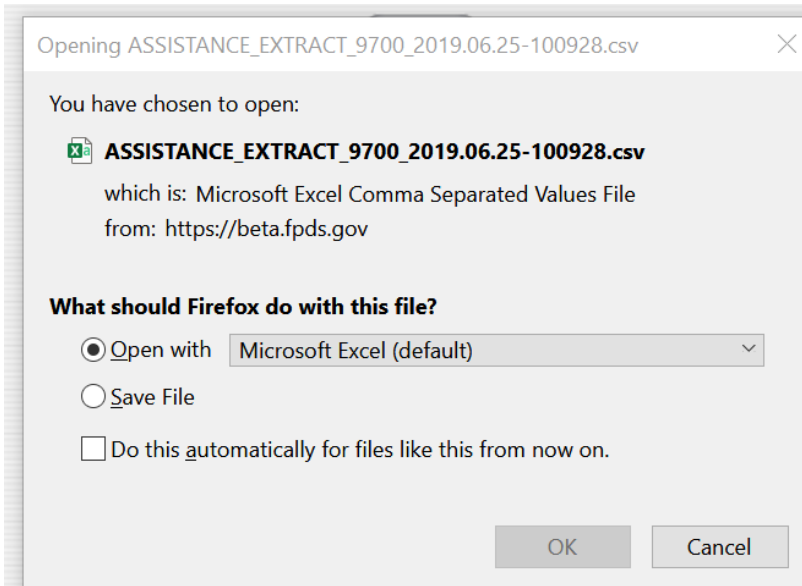

Assistance Extract Download

37. Click the download extract and the following screen will be shown.

38. Simply clicking ‘Open with’ will open the extract file within Excel. Clicking ‘Save File’ will download the csv file to your computer. If the file is opened directly into Excel, some of the columns may be formatted automatically by Excel. In order to avoid this, you can import the file directly into Excel by following these steps:

1. Click ‘Save File’ to download the extract onto your computer
2. Open Excel on your computer
3. In a new workbook, click on the ‘Data’ tab and select ‘From Text/CSV’ on the left side of the menu

4. In the file menu that comes up, select the extract file that you have downloaded within step 1
5. Once Excel analyzes the file a window (as shown below) will come up showing a preview of the data within the extract file. Once this is open, click the ‘Load’ button to display the loaded CSV in the proper formatting

Assistance Award

Create an Assistance Award

Introduction

An Assistance Award grants, loans and cooperative agreements covered by 31 U.S.C. 6301, et seq.

Instructions on Reporting an Assistance Award

Steps:

1. From the FAADC Navigation screen, mouse over one of the 3 Record Types below:

a. Aggregate – monthly consolidation of multiple report of same Assistance Type

b. Non-Aggregate – single Assistance report not to an Individual

c. Non-Aggregate Individual - Single Assistance report to an Individual

2. Select one of the 10 Assistance Types under one of the above three Record Types.

3. Enter data in the **Award Identification Information** section.

- Record Type:** Defaults to one of the three Record Type selected in step 1.
- Award Status:** Defaults to New
- Assistance Type:** Defaults to one of the ten Assistance Type selected in step 2.
- Award ID - Mandatory Fields**

- **Agency** - Enter the appropriate four (4) digit Agency identification code.
- **FAIN** - Enter the unique identifier for the award. FAIN is not used in Aggregate Action Types. Format must be upper case alpha and numeric only with no embedded spaces or special characters. FAADC converts lower case letters to upper case, removes leading or trailing blank spaces, and removes any non-alphanumeric characters prior to validation.
- **Amendment No** - Defaults to '0' on a base assistance award. Enter a unique value when reporting an amendment to a basic assistance award.
- **URI** – Is optionally supplied for both Non-Aggregate Record Types. Is a mandatory field for Aggregate Record type.

- e. **Action Type** – Select a value of NEW for a basic award. Select the value that applies when reporting an amendment to a basic assistance award.
- f. **Assistance Listing (formerly known as CFDA)** – Assistance Listing registered programs. It is a code comprised of 2-digit Agency code, a period, and three-digit program number that indicates the program under which the assistance was funded.
- g. **Funding Opportunity Number** - Enter the Funding Opportunity Number. Field format must be upper case alpha and numeric only with no embedded spaces or special characters. FAADC converts lower case letters to upper case, removes leading or trailing blank spaces, and removes any non-alphanumeric characters prior to validation.
- h. **Funding Opportunity Goals Text** – Enter a clear, plain English description of the Funding Opportunity Goals. Field must not contain any special characters. Maximum 18,000 characters.
- i. **Business Fund Indicator** - The data element "Treasury Account System Initiative" has a drop down with 'Funded by Recovery Act' or 'Funded by Other Sources' can be selected. If this action is not 'American Recovery and Reinvestment Act' select the value 'Funded by Other Sources'. As of June 28, 2019, 'Funded by Recovery Act' cannot be selected.
- j. **State Application ID (SAI) Number** - Enter the SAI number if provided by the State entity. It is a number assigned by state (as opposed to federal) review agencies to the award during the grant application process.

4. Enter data in the **Dates** section.

- a. **Action Date** - Enter the date that the transaction was signed. For a bilateral transaction, this is the latter of the date signed by the Entity or the Contracting Officer. For a unilateral transaction, this is the date signed by the Contracting Officer.
- b. **Period of Performance Start Date** - Enter the date that the parties agree to initiate the assistance instruments period of performance. The Start Date cannot be earlier than the Action Date on the base document.
- c. **Period of Performance End Date** - Enter The date that the parties agree to end the assistance instruments period of performance.

5. Enter data in the **Amounts** section.

- a. **Federal Action Obligation** - Enter the net amount of federal funds (in dollars and cents) obligated or de-obligated by this transaction. If the net amount is zero, enter zero. If the net amount is a de-obligation, enter a minus sign in addition to the net amount. It is not supplied for the two Assistance Types - Direct Loan and Guaranteed/Insured Loan.
- b. **Total Federal Award Value (Including Base and All Options if applicable)**- For a new award: 'Enter the mutually agreed upon total estimated assistance value (in dollars and cents) including the base assistance award and all amendments (if any).' For amendments: 'Enter the CHANGE (positive or negative, if any) in the mutually agreed upon total assistance value (in dollars and cents).' If no change in the base assistance and all options value, then enter zero on the amendment. It is not supplied for the two Assistance Types - Direct Loan and Guaranteed/Insured Loan.
- c. **Indirect Cost Federal Share Amount** –
 - 1. **For a New Award:** Enter the total amount of the award recipient's approved award budget allocated to indirect costs (in dollars and cents).

- 2. **For Amendments:** Enter the CHANGE (positive or negative, if any) in the total budget allocated to indirect costs (in dollars and cents). If not change in the Indirect Cost Federal Share Amount value, then enter zero on the amendment.
- d. **Non-Federal Funding Amount** - Enter the net amount of non-federal funds (in dollars and cents) obligated or de-obligated by this transaction. If the net amount is zero, enter zero. If the net amount is a de-obligation, enter a minus sign in addition to the net amount. It is not supplied for the two Assistance Types - Direct Loan and Guaranteed/Insured Loan.
- e. **Face Value of Direct Loan or Loan Guarantee** - Enter the net amount (in dollars and cents) of the face Value of Direct Loan or Loan guarantee. It is supplied only for the two Assistance Types - Direct Loan and Guaranteed/Insured Loan.
- f. **Original Loan Subsidy Cost** – Enter the net amount (in dollars and cents) of the Original Loan Subsidy Cost. It is supplied only for the two Assistance Types - Direct Loan and Guaranteed/Insured Loan.

System Administration

Create a User

Introduction:

The User Management screen allows the Agency System Administrator to create additional user account profiles*, update and enable/disable Agency Users. Agency System Administrators have the ability to read/write to their respective Agency User's Profiles and assign User Privileges.

The Agency System Administrator controls and monitors Government Users for their respective Agency's end-users. The System User is implemented, maintained, and controlled by the FAADC System Administrator.

- **System User** - Establishes a link between an Agency's contract writing system and FAADC. System to System interfacing.
- **Government User** - Agency personnel. The government user can access, maintain, track, and report contract awards in FAADC. The privileges assigned to a government user by their system administrator will determine what features that user can access in FAADC.

**System Administrators have the ability to create additional user profiles for Government users requiring roles within an additional Activity Address Code (AAC) than those that already assigned to the current user profile.*

Steps:

Note: Data elements in bold indicate mandatory information.

1. From the Navigation screen, under  System Administration, click .
2. Click  to create a new user profile.
3. FAADC will display a User Information screen that coincides with the user type you select. Click the appropriate user type:
 -  for Government User
 -  for System-to-system interface.
3. Enter data in the User Information section.

If entering data for a Government User:

- User ID
 - Start Date
 - End Date
 - Is Logon User
4. Determine whether the user has the right to login to the web interface by placing a check in the Is Logon User checkbox. If the Is Logon User box is not checked, the user will not be able to login to the web interface, and the user ID will only be accepted for batch transactions.
 5. Enter data in the Personal Information section.

- **First Name/Initial**
- Middle Name/Initial
- **Family/Last Name**
- Phone No.
- Phone Ext.
- Fax
- **Email Address****
- Receive Email Notification
- Title

***The Email Address should be the same email address as the user's Login.gov account.*

6. Determine whether the user should receive email notifications by placing a check in the Email Notification checkbox.
7. Enter the remaining User Information fields based on user type.

If entering data for a Government User:

- **Agency ID**
 - Use Lookup button  to find Agency
- **Organization ID**
 - Use Lookup button  to find Office and input an Office ID.

Select	Agency ID	Agency Name	Department ID	Agency Short Name	Parent Agency ID
<input checked="" type="checkbox"/>	5700	DEPT OF THE AIR FORCE	9700		9700

Below the table, it says "1 out of 1 items found." At the bottom, there is a section titled "Find items that match the following criteria:" with the following fields:

- Department ID:
- Parent Agency ID:
- Agency ID:
- Agency Name:

On the right side, there are buttons for "Select", "Cancel", "Search", "Clear", and "Help".

If you know the Department ID, enter it in the Department ID field and click the  button. The system will return in the top window all of the agencies that belong to that department. If you do not know the department, you may click the search button and it will return both department and agencies in the top window.

- **Organization ID** - Select the lookup button and the Organization Selection window opens.

If you know the Parent Organization code, enter it in the field and click the  button. The system will return in the top window all of the organizations that belong to that Parent Organization.

System Administration User Privileges

This section defines the system administration user privileges provided in the FAADC system. The privileges are listed in the order they are viewed under the User function in the System Administration module. See the following list of privileges and their definitions.

- **Approve** - A function that compares the document against all of the business and validation rules and places it in Final status.
- **Assign** – The ability to assign privileges to other users.
- **Award** - A one-time request for products or services.
- **Close** – The ability to close out an Assistance Award.
- **Contracting Office** - The contracting office that executes or is otherwise responsible for the transaction involved with a document.
- **Correct** – Make corrections to a final document without changing the legal intent of the document.
- **Create** – The ability to create documents.
- **Data Collection** – This privilege allows the input of data through the web portal.
- **Delete** – Allows the deletion of documents and the ability to reuse the FAIN number.
- **Disable** – The ability to deactivate a user or office.
- **Draft** - The status of a document when it has not been approved and changes can still be made on the document without performing a modification or a correction.
- **Enable** – The ability to activate a user or office.
- **Get/GetList** – The ability to retrieve data such as Financial Assistance documents.

- **GetList** – The ability to find documents in FAADC using search criteria in the search screens.
- **Government Office** – Used to track contract awards for those offices that are not established as contracting offices.
- **Indefinite Delivery Vehicle (IDV)** – Ongoing agreements for acquiring products or services.
- **IsComplete** – Determines that all of the required fields on a document are completed. Is Complete must be given as a privilege in conjunction with the Validate privilege for the user to be able to validate a Financial Assistance document.
- **Modify** – Make adjustments that change the legal intent of the document.
- **Reference Data Maintenance** – The ability to maintain referenced data on documentation, such as Contracting and Government offices.
- **Search/View Contracts** – The ability to search and view contractual documentation.
- **Update** – The ability to view screens and update information that does not require the use of a function, such as delete or correct.
- **Validate** – The process of verifying all rules according to the FAR are correct before finalizing the document.
- **View** – Allows the user to view documentation.
- **User Maintenance** – This privilege provides the ability to maintain the User ID information.
- **Webportal** – The FAADC module can be accessed from either the regular FPDS login page (<https://www.fpds.gov>) or via the FAADC login page (<https://www.fpds.gov/common/jsp/altFAADCLogin.jsp>). Users who log in through the FPDS login page can access the FAADC module by clicking the ‘Assistance’ tab on the top left of the screen. Note that if the user does not have roles to access the FAADC module, the link within the tab will be greyed out. Similarly, if the user has roles to report Assistance awards within the FAADC module, but does not have roles with FPDS.gov, it is recommended that the user logs into the FAADC module directly utilizing the FAADC specific URL (<https://www.fpds.gov/common/jsp/altFAADCLogin.jsp>).

Roles and User Privileges

The User privileges located in the system administration section of FAADC provides three levels of privileges. These privileges are defined by roles that are assigned to the User ID. See the following table for the roles in the order of the level of privileges.

Roles	Sub-Roles
Financial Assistance Administrator	Assistance
	Assistance Extract
	CFDA
	FABS
	FICE
	User
Financial Assistance Officer	Assistance
	Assistance Extract
Financial Assistance Specialist	Assistance

Begin using the Unique Entity ID (SAM) from SAM.gov on April 4, 2022

Change is coming. Starting Monday, April 4, 2022, the new Unique Entity ID from SAM.gov will be the official governmentwide identifier used for federal awards.

On April 4, 2022, FPDS users will no longer use the DUNS Number to identify vendors. Instead, vendors will only be identified by the Unique Entity ID (SAM). To find an entity's Unique Entity ID (SAM), see [this FAQ](#) at our supporting Federal Service Desk, [fsd.gov](#). The DUNS Number will no longer be accepted in FPDS input.

The Unique Entity ID (SAM) is already visible and available for data entry in FPDS. Remember, prior to April 4, 2022, the authoritative unique entity identifier is the DUNS Number. On and after April 4, 2022, the authoritative unique entity identifier will be the Unique Entity ID (SAM).

For Interfacing Systems ONLY:

- Because the Unique Entity ID (SAM) data element is not present in pre-V1.5 FPDS Schema/WSDLs, the Unique Entity ID (SAM) cannot be corrected using the older version WSDL/Schema in which the contract action was initially created.
- If an interfacing system corrects an older version using the V1.5 Schema/WSDL, then it can update the Unique Entity ID (SAM) on older versions.
- If an interfacing system uses the pre-V1.5 Schema/WSDL to correct the CAR, you must use the web portal to correct the Unique Entity ID (SAM) via the user interface. In this case, you can use the entity lookup next to the "Entity Name" field to search for and select the correct entity.

Introduction:

The FAADC log in page has a log in button, and a help link to direct the user to the help page. Users may also log in at the regular FPDS homepage. If the user only has roles to report assistance actions, and logs in at the regular FPDS home page, they will be directed to the FAADC module automatically.

Steps:

1. You will be presented with a 'Login' button which upon clicking will redirect you to the Login.gov sign-on page that will ask for your [Login.gov](#) email address and password.
2. Upon entering a valid email address/password combination, you are then taken to the 2-factor authentication code entry page.
3. After entering a valid authentication code generated from the chosen authentication method, you will be redirected to the FPDS Main Navigation Screen and your authenticated user session will begin.

Limitation on Permissible Use of Dun & Bradstreet, Inc. (D&B) Data:

This website contains data supplied by third party information suppliers, including Dun & Bradstreet (D&B). For the purposes of the following limitation on permissible use of D&B data, which includes each entity's DUNS Number and its associated business information, "D&B Open Data" is defined as the following data elements: Legal Business Name, Street Address, City Name, State/Province Name, Country Name, County Code, State/Province Code, State/Province Abbreviation, ZIP/Postal Code, Country Name and Country Code.

Entity registration, exclusion, or contract award records in FPDS may contain D&B-supplied data. Applicable records containing D&B data include all entity registration records with a last updated date earlier than 4/4/2022, all exclusions records with a created date earlier than 4/4/2022, and all base award notices with an award date earlier than 4/4/2022. These records show the Entity Validation Service (EVS) Source as D&B in outbound data streams.

D&B hereby grants you, the user, a license for a limited, non-exclusive right to use D&B Open Data within the limitations set forth herein. By using this website you agree that you shall not use D&B Open Data without giving written attribution to the source of such data (i.e., D&B) and shall not access, use or disseminate D&B Open Data in bulk, (i.e., in amounts sufficient for use as an original source or as a substitute for the product and/or service being licensed hereunder).

Except for data elements identified above as D&B Open Data, under no circumstances are you authorized to use any other D&B data for commercial, resale or marketing purposes (e.g., identifying, quantifying, segmenting and/or analyzing customers and prospective customers). Systematic access (electronic harvesting) or extraction of content from the website, including the use of "bots" or "spiders", is prohibited. Federal government entities are authorized to use the D&B data for purposes of acquisition as defined in FAR 2.101 and for the purpose of managing Federal awards, including sub-awards, or reporting Federal award information.

GSA assumes no liability for the use of the D&B data once it is downloaded or accessed. The D&B data is provided "as is" without warranty of any kind. The D&B data is the intellectual property of D&B. In no event will D&B or any third party information supplier be liable in any way with regard to the use of the D&B data. For more information about the scope of permissible use of D&B data licensed hereunder, please contact D&B at datause_govt@dnb.com.
